

Documoto Launches New Website

Documoto is proud to announce the launch of their new and improved website.

DENVER, March 22, 2022 (NewsWire.com) -

Documoto proudly announces their continued commitment to the growth of equipment manufacturers and asset-intensive professionals by providing a dynamic redesigned website at <https://documoto.com/>. The new site features a streamlined, modern design, improved functionality, and easy access to essential information to help users make well-informed decisions about their aftermarket service needs.

The new comprehensive website brings together a user experience built on product features, industry verticals, and roles so users can self-qualify based on the content that resonates best with them. Additionally, Documoto's new website includes resources and links to Documoto's Knowledge Base, Documoto Academy, frequently asked questions, case studies, articles, and news. Having grown over the last several years with staff set up nationwide, the revamped website encompasses Documoto's robust set of product capabilities and professional services.

"We are thrilled to debut our new company website to our customers, partners, and visitors who are looking to explore Documoto's solution and services," said **Becky Howard, Documoto's Vice President of Operations**. *"This website redesign truly ties together all of our product capabilities and services into one place, allowing for each visitor to experience and access information, education, and get to know our team and culture."*

Features and benefits of Documoto's website redesign include:

- Self-Qualification Content
- Advanced Search Functionality
- Informative Service and Product Offerings
